About Me

Hi, I'm Deividas, a dedicated and detail-oriented professional with a passion for project management as a casting director. With several years of experience in the entertainment industry, I've honed my skills in identifying and managing talent, overseeing complex projects, and working effectively with cross-functional teams.

Experience

Actors Agency Lithuania

actorsagency.lt

project manager as casting director

2021-present

In this role, I managed the casting process for various commercial and film projects, working closely with directors and production teams to identify and select the best candidates for each role. I also oversaw the day-to-day operations of the agency, including managing client relationships, coordinating talent schedules, and negotiating contracts.

Actors Agency Lithuania

actorsagency.lt

assistant project manager

2019-2020

As an assistant project manager in the same Actors Agency Lithuania, I provided support on multiple projects simultaneously, helping to ensure that each project was completed on time, within budget, and to the satisfaction of stakeholders. I assisted with project planning, resource allocation, risk management, and quality control.

A Little More About Me

My passion for cycling has led me to build my own bikes, both for MTB and road cycling. There's something special about building a bike from scratch and then taking it out for a spin, feeling the wind in my face and the freedom of the open road. It's a perfect way to clear my head and get some exercise at the same time. I enjoy both road and off-road cycling, and have competed in a few local events in the past. In addition to cycling, I enjoy photography as a way to capture memories and tell stories through images. I'm always learning new techniques and experimenting with different styles to create something truly unique. Music production is another hobby that allows me to explore my creative side. I'm currently working on my first album, which is an exciting journey of experimentation and self-expression. There's something magical about creating a piece of music from scratch and watching it come to life. It's a challenging process, but one that's deeply rewarding.
